PROFESSIONAL SUMMARY

Computer Science undergraduate skilled in Java, MySQL and FAST APIs. Experienced in developing full-stack web applications, ERP systems, and AI-powered tools through internships and academic projects. Strong interest in Software Development, Backend Engineering, and Data Analytics.

EDUCATION

V.S.B. College of Engineering Technical Campus B.E. Computer Science and Engineering: CGPA: 8.38	Coimbatore, India 2023 – 2027
Holy Innocents School & Junior College (ICSE & ISC) H.S.C Higher Secondary Education: Percentage: 73.75 %	Ooty, India 2022 – 2023

TECHNICAL SKILLS

- Languages:** Java, SQL, Python
- Databases:** MySQL
- Developer Tools:** Git, GitHub, VS Code, Antigravity
- Concepts:** Data Structures & Algorithms, OOPs, DBMS, Operating Systems, Computer Networks
- Business Applications:** SAP ERP (Basics)

PROFESSIONAL EXPERIENCE

Roots Industries India Pvt Ltd. — Software Development Engineering Intern	Jun 2025 – Jul 2025
- Analysed and supported enterprise business workflows by working with ERP and Engineering teams on SAP ERP operations and backend processes - Assisted in database handling, report generation, and process automation for real-time Finance, IT, and Marketing analytics projects - Collaborated with cross-functional teams to understand business requirements, software workflows, and Software Development Life Cycle (SDLC) practices	

Prompt Infotech — Cyber Threat Analysis Intern	Aug 2024
- Performed vulnerability assessment and network threat analysis using cybersecurity and network security tools to identify potential system risks - Analysed phishing patterns, security threats, and system vulnerabilities while supporting threat detection and risk assessment activities - Assisted in preparing security assessment reports and gained hands-on experience in cybersecurity concepts, network security, and vulnerability management	

PROJECT

AI Resume Analyzer
- Developed a web application to analyse resumes and generate structured feedback using GROQ AI API - Implemented resume parsing and evaluation for skills, content quality, and basic formatting - Designed a user interface for uploading resumes and displaying actionable improvement suggestions

AI Voice Assistant
- Architected and Integrated GROQ LLM and Deepgram APIs for low-latency speech processing - Engineered web research and multi-modal intelligence features utilizing Gemini API and Tavily search API - Deployed secure cloud infrastructure via Google Cloud Console leveraging AI-driven code generation and prompting

CERTIFICATIONS

- Java for beginner's - **Infosys**
- TCS iON Career Edge - **TCS iON**
- SQL (Basic & Intermediate) - **Hacker Rank**
- Data Analytics - **Google**

ACHIEVEMENTS

- National Level Conference - V.S.B. College of Engineering Technical Campus: Presented a paper on "ERP-Based Integrated Student Management System" in the conference "Recent Trends in Renewable Energy and Environmental Sustainability" (ISBN: 978-81-993497-3-5)
